<p>IVOL1. Car thefts or thefts from your home that you may have just mentioned as having happened to you or other members of your household must **not** be mentioned now.

<p>IVOL3. In the last five years, has anyone stolen, or tried to steal something from you by using force or threatening you with force?</p> <p>(1) Yes (2) No (88) DK (cannot remember) (98) DA</p>	<input type="text"/> <input type="text"/> <input type="text"/>

In the last five years (that is, since 2011) have you personally been a victim of any of these incidents?</p> <p>(1) Yes (2) No (88) DK (cannot remember) (98) DA</p>	<input type="text"/> <input type="text"/> <input type="text"/>
--	--

Now I am going to ask about other incidents when someone has used force against you, or threatened to do so. Once again, I want to ask you to think about the last five years - that is, since 2011. This might have involved someone you knew, or someone you did not know at that time. Remember that your answers will, of course, be treated confidentially and anonymously. Car thefts, thefts from your home, robberies, or personal thefts that you may have just mentioned must **not** be mentioned now.

<p>IVOL5. In the past five years, has anyone slapped you, hit or punched you, kicked you, thrown something at you, or attacked you with a weapon in a way that really upset or angered you? On this card there is a ladder with steps numbered 1 to 7, where 1 is the lowest step and means NOT AT ALL and 7 the highest and means A LOT. For example, if I asked you to what extent do you like watching television, if you don't like watching it at all, you would choose a score of 1, and if, in contrast, you like watching television a lot, you would indicate the number 7 to me. If your opinion is between not at all and a lot, you would choose an intermediate score. So, to what extent do you like watching television? Read me the number. [Make sure that the respondent understands correctly].
